Administrative Bulletins of the University of California

1930-31. No. 18

Fellowships and Graduate Scholarships 1931-1932

The University of California announces the following fellowships and graduate scholarships for the academic year 1931-32.

A. Open to graduates of the University of California or of other colleges or universities.

The Baker Fellowship in Forestry. Open to graduate students who wish to pursue research and advanced study in forestry, and who have had at least 20 units in forestry courses in a school of good standing.

One, yielding \$750.

Base Hospital No. 30 Scholarship in Medicine. Open to graduate or undergraduate students in medicine. The amount of this scholarship is the income on the balance of a fund collected for the University of California Medical School Hospital Unit No. 30.

One, yielding \$400.

The Bidwell Fellowship in Forestry. Open to graduate students who wish to pursue research and advanced study in forestry, and who have had at least 20 units in forestry courses in a school of good standing.

One, yielding \$750.

Newton Booth Fellowships in Economics.

One traveling fellowship, yielding \$1,350.

or

Two resident fellowships, yielding \$650 each.

A (Cont'd). Open to graduates of the University of California or of other colleges or universities.

The Edith Claypole Memorial Research Fellowship. Open to women pursuing graduate study in the fields of medicine known as pathology and bacteriology. (Men pursuing graduate study in the same fields may apply and such applications will be considered if none of the women applicants are satisfactory.)

One, yielding \$1,200.

The duPont Fellowship in Chemistry.

One, yielding \$750.

The E. Charles Fleishner Memorial Fellowship. Open to graduate students in the Medical School who desire to pursue investigations on problems in pathology and bacteriology.

One, yielding \$1,000.

The Flood Fellowships in Commerce.

Two, yielding \$500 each.

The James M. Goewey Fellowship. Open to students in any of the "so-called scientific branches of learning".

One, yielding \$900.

The Hattie Heller Graduate Scholarship. Open to graduate students in any department of the University.

One, yielding \$500.

The Samuel W. Heller Memorial Fellowship in Landscape Design.

One, yielding \$650.

The William Carey Jones Scholarship in Jurisprudence. This is awarded annually to one of the first five leading scholars in the School of Jurisprudence. Awards will be made without application on the part of students. The holder is exempt from the payment of fees in the School of Jurisprudence.

One, yielding \$200.

A (Cont'd). Open to graduates of the University of California or of other colleges or universities.

The Mrs. Frederick Kahn Scholarships in Librarianship.

Two, yielding \$500 each.

The Martin Kellogg Fellowship in Astronomy. Open to students of distinction who have already earned the doctorate or attained equivalent standing in astronomical work. Applications should be addressed to the Director of the Lick Observatory, Mount Hamilton, California.

One, yielding \$1,000.

The Lick Observatory Fellowships in Astronomy.

Three, yielding \$750 each.

The John W. Mackay, Jr., Fellowships in Electrical Engineering.

Two, yielding \$600 each.

The William Harrison Mills Fellowships in International Relations. Open to graduate students of exceptional ability and promise in any American university who have made some study of the language and literature, the political, social and economic conditions, and the diplomatic relations of one or more of the countries of Central or South America or Eastern Asia, who desire to undertake studies bearing on the social, economic or diplomatic relations of the United States with any one or more of such countries in, or under the direction of the faculty of, the University of California. Applicants must be American citizens of the white race who have no permanent home in and do not propose to live permanently in any foreign country. It is the hope of the donor of these fellowships that students who receive the award shall prepare themselves to represent this country in the diplomatic service or in our commercial relationships with countries bordering on the Pacific Ocean.

One traveling fellowship, yielding \$1,500.

or

Two resident fellowships, yielding \$750 each.

A (Cont'd). Open to graduates of the University of California or of other colleges or universities.

The Alexander F. Morrison Fellowship in the Lick Observatory.

One, yielding \$1,200.

The Native Sons of the Golden West Fellowships. The Order of the Native Sons of the Golden West has provided a fund for the maintenance of one or more fellowships in Pacific Coast History, which are open to graduates who have done at least one year of graduate work upon Pacific Coast History.

Two, yielding \$1,500 each.

The Pacific Coast Gas Association Research Fellowship in Gas Engineering. Open to senior and graduate students of the current academic year in the engineering departments of colleges and universities in British Columbia, Washington, Oregon, California, Idaho, Nevada, and Arizona.

One, yielding \$1,000.

The Frank M. Pixley Scholarship in Law.

One, yielding \$200.

The James Rosenberg Memorial Scholarship in Agriculture.

One, yielding \$600.

The Shell Research Fellowship. Open to graduate students who desire to pursue graduate study in Chemistry at the University of California, and will be awarded on the basis of merit in research in Chemistry.

One, yielding \$900.

The Bertha Henicke Taussig Memorial Scholarship. Open to women, preferably students of Art, Architecture, or Literature. Applicants must be registered graduate students at the University of California or proposing to register at the University in the year for which the fellowship is awarded.

One, yielding \$550.

A (Cont'd). Open to graduates of the University of California or of other colleges or universities.

The University Fellowships. Available to graduate students in any academic department (or in professional schools, provided the student is engaged in research).

Ten, yielding \$750 each.

The Whiting Fellowships in Physics.

Two, yielding \$750 each. -

B. Open only to graduates of the University of California.

The John Woodman Ayer Fellowship. Open to graduates of the University of California studying in the School of Jurisprudence of the University of California, and will be awarded on the basis of financial necessity and character of the applicants primarily, and for good scholarship secondarily.

One, yielding \$700.

The Charles Mills Gayley Fellowship. Appointments to this fellowship are to be made without application and will be based on the desire of the person selected to pursue graduate study at Berkeley or elsewhere, and on his possession of the qualities of leadership, character, and future promise.

Amount to be determined later.

The Sigmund Martin Heller Traveling Fellowship. Open to graduates of any of the academic colleges of the University. This fellowship is established for the purpose of making possible advanced study by distinguished graduate students through travel to various parts of this country or to other countries.

One, yielding \$1,350.

B (Cont'd). Open only to graduates of the University of California.

The Amy Bowles Johnson Fellowships. Open to graduate students whose chief study in the University is concerned with research in some field of scholarship. Successful contestants may be appointed to do work in residence at the University of California or elsewhere.

One resident fellowship, yielding \$1,250.

One traveling fellowship, yielding \$1,600.

The Taussig Traveling Fellowship. Open to graduates from any of the academic colleges of the University who desire to pursue advanced study or research at some advantageous points outside the University of California.

One, yielding \$1,450.

C. Open only to graduate and undergraduate students from Utah.

The Willard D. Thompson Memorial Scholarships:

Two, yielding \$750 each.

Three, yielding \$600 each.

D. Open only to students in the Medical School, the School of Jurisprudence, and in the Hastings College of the Law.

The Sheffield Sanborn Scholarships:

One in Medicine, yielding \$250.

One in Jurisprudence, yielding \$250.

One in Hastings College of the Law, yielding \$250.

E. Open to students in the School of Jurisprudence and in the Hastings College of the Law.

The John Bell Mhoon Scholarship.

One, yielding \$600. .

F. Open to graduate and undergraduate students.

The James Denman Memorial Scholarship.

One, yielding \$250.

The Emanuel S. Heller Memorial Scholarship. Open to students in the Graduate Division and to juniors and seniors in the academic colleges of the University.

One, yielding \$425.

The George Ladd Prix de Paris in Music. Open to students of music at the University of California who shall have attained the highest excellence in studies in harmony and composition for a given period of two years.

One, for a period of two years, yielding \$3,100 per year.

The James Monroe McDonald Scholarships. Primarily for undergraduates of the University of California, but may be awarded for a year of post-graduate study at the discretion of the departments concerned. They are as follows:

One in Physics, yielding \$550.

One in Mining Engineering, yielding \$400.

One in Chemistry, yielding \$400.

One in Civil Engineering (Sanitary and Municipal Engineering), yielding \$960.

One in Agriculture (Animal Husbandry), yielding \$550.

One in Agriculture (Horticulture), yielding \$550.

One in Civil Engineering (Sanitary Engineering), yielding \$500.

The Professor F. V. Paget Scholarship in French. Open to students in the Department of French.

One, yielding \$350.

The Horatio Stebbins Scholarship. Open to women students at the University of California. While primarily intended for undergraduate students, this scholarship may be awarded to graduate students.

One, yielding \$225.

G. Honorary Traveling Fellowships.

Honorary traveling fellowships may be awarded to distinguished graduate students in any department. Such honorary traveling fellowships do not carry any stipend but entitle the holder to official credentials from the University, which may be of assistance in the pursuit of studies and special inquiries in other states and in foreign lands. Applications should be in the hands of the Dean of the Graduate Division on the same date as applications for all other fellowships, indicated below.

H. La Verne Noyes Scholarships.

Persons who are citizens of the United States and who possess the following qualifications may obtain free tuition to procure a college or university training, under the terms of the will of the late La Verne Noyes:

First, they shall themselves have served in the army or navy of the United States of America in the war into which our country entered on the 6th day of April, 1917, and shall have been honorably discharged from such service, or

Second, they shall be descended by blood from someone who has served in the army or navy of the United States in said war, and who either is still in said service or whose said service in the army or navy was terminated by death or an honorable discharge.

Five scholarships are allotted annually by the estate of La Verne Noyes to the University of California. While they are intended primarily for nurses who wish to pursue studies in Public Health, applications from men will also be considered.

I. Alumni Association Scholarships.

The San Francisco Alumni Associations of Harvard and Yale Universities, of Radcliffe College and other institutions maintain scholarships at their Alma Maters for California students. Applications for one of these scholarships should be addressed directly to the proper Alumni Association.

J. Teaching Fellowships.

Teaching fellowships or assistantships will be available in many departments, each yielding from \$600 to \$900 per annum. Appointees devote about one-half of their time to teaching duties and the rest of their time to graduate work. Applications for these appointments should be addressed to the President of the University, through the chairman of the proper department.

FEES

All graduate students in residence at Berkeley pay an incidental fee of \$25 per half-year. Graduate students who are not residents of the State of California pay in addition a tuition fee of \$75 per half-year, except students who possess high scholarship standing, and who are admitted to full graduate status for graduate study leading to academic (non-professional) higher degrees or the certificate for teachers. In the Medical School the tuition fee is \$100 per half-year for California residents, and \$250 per half-year for non-residents. In the School of Jurisprudence students are subject to a special incidental fee of \$25 per semester and in addition non-residents are obliged to pay a tuition fee of \$62.50 per half-year. A commutation of fees is made for part time academic students.

DEPARTMENTS OF INSTRUCTION

Agriculture (including Agricultural Economics, Agricultural Engineering, Agricultural Technology, Agronomy, Animal Nutrition, Animal Pathology, Entomology and Parasitology, Forestry, Genetics, Horticulture, Landscape Design, Plant Pathology, Plant Physiology, Soil Physics and Irrigation), Anatomy, Anthropology, Architecture, Art, Astronomy, Bacteriology, Biochemistry, Botany, Chemistry, Civil Engineering, Economics (including Business Administration, Commerce, and Social Economics), Education, English, French, Geography, Geological Sciences, German, Greek, History, Household Art, Household Science, Hygiene, Irrigation, Italian, Jurisprudence, Latin, Librarianship, Mathematics, Mechanical and Electrical

Engineering, Medicine, Military Science and Tactics. Mining and Metallurgy (including Petroleum Engineering), Music, Oceanography, Oriental Languages, Paleontology, Pharmacology, Philosophy, Physical Education, Physics, Physiology, Political Science, Psychology, Public Health, Public Speaking, Romance Philology, Sanskrit, Semitic Languages, Slavic Languages, Social Institutions, Spanish, Zoology.

GENERAL INFORMATION

It is expected that no student will apply for a fellowship or graduate scholarship unless he is free to accept an appointment; that the appointee will devote his full time to his university work; that he will not accept any other employment, except by permission of the President; and that he will not surrender the fellowship or scholarship during the period for which it has been awarded.

Opportunities for advanced study and research in the various departments are described in the *Announcements of the Graduate Division*.

Applications for fellowships and graduate scholarships, together with letters of recommendation from instructors in support of the application, should be filed with the Dean of the Graduate Division by **February 20**. Awards will be made not later than *April 1*. Acceptance of an award must be made in writing not later than *April 15*. From the Dean may be obtained the blank form of *Application for Fellowships and Graduate Scholarships*. The general *Circular of Information* concerning the University, the *Announcements of the Graduate Division*, the annual *Announcement of Courses*, and the special circular regarding fees, may be obtained on application to the Mailing Division of the University.
